Dear Sir or Madam:

This is responsive to the Office Action dated 26 November 2004.

RESPONSE TO ELECTION REQUIREMENT

The Examiner has expressed the view that the application contains claims directed to two patentably distinct species and has required, under 35 USC § 121, that the Applicant elect a single disclosed species for prosecution on the merits.

In response to this requirement, the Applicant hereby elects species "b", as identified by the Examiner, without traverse. Claims 1-38 read on species "b". Species "b" includes all of the features of species "a" and additionally includes flanges 56", 58", 36", 37", 38" about its upper and lower apertures 50", 30".

The Applicant submits that claims 1-20 are generic to both of the species identified by the Examiner.
